PRESIDENTS MESSAGE

With the driving season coming to an end and the Tubs heading to the barn, there are still a few stops to make before the door closes. Don't pull those batteries out just yet as there is a gathering at Meisters Restorations in NH for the annual BBQ on Oct 4th and a final Loafers Lunch on the 15th.

The Board meeting scheduled for Oct 6th doesn't require a 356 but feel free to bring it if your 6v lights are up to it. The food is good and the discussions entertaining and all are welcome.

Extra credit and an extra donut goes to anyone who drives their 356 to the Paul Russell Tour on Nov 15th and there are still those Indian Summer days that come after the first frost. Be sure that your heater cables are adjusted correctly, you'll be glad they're there when the current sixty degree days disappear.

It's been a very active year, thanks for all the support that keeps this Club running. We couldn't do it without everyone's help.

See you on the road and Keep the Faith.
Tom

CLUB EVENTS HELD IN SEPTEMBER

September 17 Loafers Lunch

Several members had a very nice ride and lunch today, on Loafers Lunch Day, September 17, 2014.

We left Peterborough and headed through Dublin, Harisville and Nelson and onto Hancock for a very enjoyable lunch outside in the warm sun, at Fiddleheads Cafe. The following members made the ride. Dick Dodge, Tom Coughlin, Fran De Leo, Bill and Connie Collins, James and Jane Hannum, Jeff and Chrissie Leeds, Ginny and Lindsay Carroll, and myself, Thomas Clark. We had many admirers-starting in the meeting place where we met a couple from California who just finished a C model.

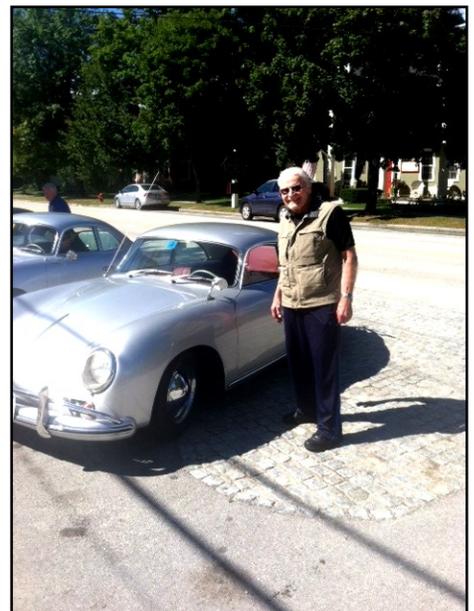

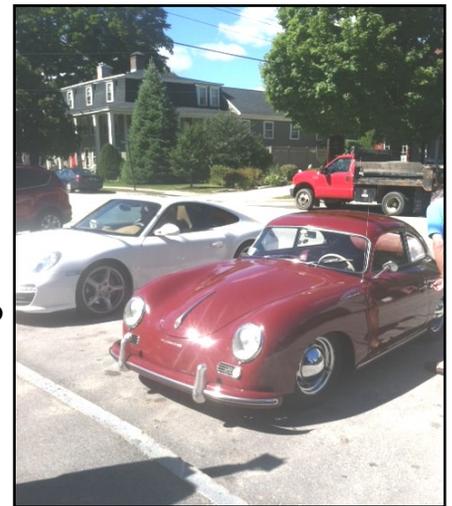

Everyone said they loved the ride, filled with twists and turns up and down hills, and had a very nice time. With that being said, it was nice to take a little time away from the day to day hustle and bustle and get out and enjoy time with old and new friends driving the cars we LOVE.

I encourage everyone to do the same from time to time. It is a good move for you and your car. Here are a few pictures.

Many thanks to all who came and to those who help the club provide this FUN. Including the help I got listing this event,

Sunday Sept 21st, Drive Your Porsche Day—Porsche's and Airplanes

On a day that had varied weather conditions, nearly 20 Porsches ventured to Berkley MA. for our annual Drive Your Porsche Day event celebrating Ferry Porsche's birthday. Some members reported rain showers on the way to meeting point on Rt. 24, but while we

were in Berkley it only sprinkled a few times. The open car guys had to scramble a bit to cover up, but nothing got too wet.

There was a small but interesting mixture of airplanes at the field and flying around.

There was a Pitts acrobatic plane, an

old Stearman radial, and a couple home built experimental units. It was interesting to check out the air-cooled engines that ranged from a small 2 cylinder unit to the amazing large radials. A bit different from our Tub engines. Most had dual plug systems.

There were also a few old cars and sports cars in attendance. A couple model A Fords, a TR3, and a beautiful 31 Chevy sedan. I was surprised that some of their owners seemed

to know a bit about our old Porsches. Mostly because of their experiences with VW's.

The flyboys were concerned by the darkening clouds as the day progressed and by 12:30 they were thinking about heading back to their home bases. The Porsche people were concerned too plus the Patriots game started at 1:00, so many of us headed home after a quick lunch.

A fun day, it's always good to have a chance to chat with some fellow Tub owners. We've sent a picture of our Tubs to the Registry with the hope it will get included in their DYPD coverage issue.

NON- CLUB EVENTS HELD IN SEPTEMBER

Saturday, September 6th- NER/PCA Concours at the Elms in Newport RI

Our 356s were well represented at the Porsche Club Concours held at The Elms in Newport, RI on Sept 6th. Of the 117 cars on display, eleven were Tubs built before 1966.

Our own Dick Yirikian took best 356 in the full Concours class, with his Stone Gray sunroof coupe. Robert Martin took second place showing his, just finished, Meissen Blue '59. Bob Siegel won the Preservation Award with the only 356 Porsche on the lawn that had not been restored and the President's Trophy, selected by the PCA Region president, went to Bob DiCorpo and his white Speedster.

While the location was a hike for most of the club, this Newport mansion was well worth the ride. The predicted rainstorm held off the entire day and the cool breeze off the ocean made for an excellent show. We're told that next year's show will be closer to Boston at the Museum of Transportation in Brookline. But all the cars seemed to enjoy stretching their legs on the interstate. Remember!! The more you drive your Tub the better it runs!

Bass Pro Shop Cruise-in

On Thursday September 19th five of us drove our Porsches to the Bass Pro Shop Cruise-in in Foxboro. We had three 356's, a Targa and a Boxster. A nice looking 70's vintage VW Ghia pulled in and Tom invited him to park with us. He purchased the car from one of the charity donation sales places for \$3000. Not a bad deal.

Then Rick Vaneski pulled in with his vintage Vanagon camper. Our cars generated a lot of interest as usual. Of the 1000 plus vehicles there that night, including a couple of late model Ferraris, I'm pretty sure Bob D's white speedster was the most valuable car there!! Ed. T
