PRESIDENTS MESSAGE

Now that we're well into the driving season, it's clear that anyone with a running Tub is out there driving it. There have been some great weekends and some not so great weather wise but our members seem to take in all in stride. The website has recaps of recent activities but there are a couple that I will mention that are on the horizon; one new, one rescheduled.

The rescheduled event is German Car Day that was postponed due to a half day monsoon that came through Boston on its appointed day. We usually get upwards of 300 cars at that event so there were a lot of disappointed owners on that rainy Sunday. The Museum of Transportation has rescheduled that event for Oct 10th and turned it into Oktoberfest, still German cars only. Look for updates that will include a German Brass Band and food that will include Schnitzel and Bratwurst. They may have to skip the German beer, or any beer, depending on the town of Brookline. Stay tuned. For what it's worth, British Car Day was rained out this last Sunday also but so far they haven't rescheduled into a Britfest. I guess we're special.

Our big day, as a Club, will be our first annual 356 Club Day to be held on Aug 23 at The Endicott Estate in Dedham. Many of our sponsors will be there to display their goods and services and offer their instruction, products, and services to keep our little cars on the road. The Board has determined that we are not a white glove kind of group so, while the cars will all be on display, a popular vote will determine who takes home the prizes. This event is supported by the Club and so there will be no charge to members, which should really bring in the crowds. One of our sponsors will be supplying gift bags (thanks Adam) and we won't let anyone to go home empty handed. All are encouraged to bring a picnic lunch (drinks will be provided) and we'll even have prizes for those that put a serious effort into their grub. There may even be something for those that use the drive through at Taco Bell.

With everyone's support the hope is that this will become an annual event at different locations each year to best serve the membership. It will be nice to say that you were at the very first one. Join us for a great time, we'll start at 11am and hit the road by 3pm.

Keep the Faith Tom Tate

RETRO AUTOMOTIVE TOUR AND PIG ROAST

This will be a repeat visit for many club members who attended the 17,000 square foot facility tour last year. This year, Matt and his staff are going all out for our club by providing a 225 pound pig to this event. The time for arrival is about 10:30am or later, but Matt and his crew will be starting to roast the pig at 3am.

Weather is not a factor, except for attendees to decide on what cars they want to drive should there be rain. There is room for at least 70 cars to park at the Retro Automotive facility.

It would be nice, for any group coming from the Mass and points south, to organize and arrive in a group for this event.

I live in the Barre, Montpelier, Vermont area, and can meet any Northern VT, Upstate NY or Canadian members anywhere along the way.

I am willing to also set up a common meeting place for any members who live in the Northern New England to meet in White River Junction, VT or Lebanon, NH and travel South down I-89 to Claremont, NH.

For members who need parts, or want to sell or trade spare parts, this will be an event not to miss.

Some might decide to stay over an additional day to see some of the many local points of interest. The Common Man Inn is close by: <http://www.thecmaninn.com/claremont/>

Claremont, NH and the vicinity of Cornish are well known for having some 30 covered bridges, and areas of other interests, like the Cornish Colony Gallery and Museum, Saint-Gaudens National Historic Site, Cornish-Windsor Bridge, Blow-Me-Down Bridge, Cider Hill

CLUB EVENTS IN JUNE

June 6th Wrights Farm Drive & Lunch

After planning our very first drive for the club, Bob & I were hopeful for some good weather for the club to enjoy a drive. The day started a little over cast and cloudy but perfect temperature for a little drive through some Central MA towns. Over 14 cars, great Porsche's and 356's all turned out and the sun was peeking out as we were driving.

We set out right on time and traveled through the back roads of Westboro, Grafton, Millbury, and Uxbridge to the RI line to an all you can eat destination called "Wrights Chicken Farm", a family style restaurant where you can eat to your hearts content. I did not take any photos of the Club members while we were lunching as the tables were filled with roasted chicken, salad, pasta and fries. Needless to say that everyone ate a hearty lunch.

A perfect day for all the TYP356ne members, great weather & great cars.

Lisa and Bob Siegel

June 14th Sisson-Grace BBQ

The weatherman has blessed us so far this year with great days for our events. Let's hope that it continues for the rest of the driving season. The Sisson-Grace BBQ has become one of our best events of the year. The location is great with a beautiful large yard for parking all of the Porsches and a sloped driveway for easy push starting those that won't start at the end of the day!!!

Allen and Grace have a large tent put up in the back yard with enough tables for everyone. The food is catered from Blue-Ribbon BarBQ. They are so well organized, that they make everything look easy. Of course there

is a lot of work that they do to make it happen and look that easy. Our thanks to Allen and Mary for doing the work and allowing us to use there home.

This year we had nearly 50 members

and 20 Porsches in attendance. As always, there was an interesting mixture of vehicles there. The Newman's brought their VW camper "Tillie" from New Hampshire and Sid Wilde brought his beautiful, 55 European Cabriolet, newly restored by Rainer Cooney at Meister Restorations.

Great cars, great food, great location, great people and a nice sunny day all result in an enjoyable TYP356ne event!!!

Wednesday, June 17th, Loafers Lunch

Temperatures were in the low 70's, bright sun with no clouds, practically no traffic (only 12 cars seen on the route - all coming in the opposite direction), no stop lights and just one stop sign. If you missed the June 17th Loafer's Lunch drive (and unfortunately most Members did) you missed the Best Drive of the summer.

But 7 lucky Members did not miss the drive, led by Tom and Ann Clark through the lovely New Hampshire villages of Peterborough, Dublin, Harrisville, and Nelson, around Nubanusit Lake, finishing up with lunch in Hancock.

June 27th Mystic BBQ in Connecticut

We had 19 member cars at our event that started at 11:30AM with a 35 mile drive through the curves and hills of southeastern Connecticut ending up at our home in Mystic. We were joined by a half a dozen 911s from the neighborhood. The rain held off until early afternoon. When the first droplet arrived, the tops went up and off they went with belly's full of burgers, dogs, salads, cookies and brownies. Our dog Willow's belly was also full with handouts from the members.

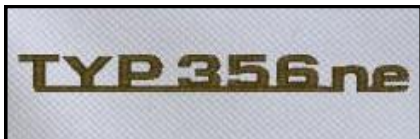

This was the third Mystic BBQ; 2009, 2011 and 2015. We hope to do it again in years to come. The Speedster started flawlessly but some complained and some lauded her speed as lead car but we all arrived safely on time for the BBQ. Craig and Amy Bush
