PRESIDENTS MESSAGE

It looks like even Fall is delaying its arrival so that we can spend more time in our Tubs. This has certainly been as good as it gets in terms of driving conditions for our 356's and we still have a list of activities for the month of October. Check the schedule closely; you wouldn't want to miss one last drive this year.

It is also time to begin thinking about that long winter sleep for your ride and now is the time to start adding gas stabilizer, if you haven't already. Many members use the additive year round but I tend to just add it to the tank once the doors are closed and snow begins falling. That really isn't the best practice because it never makes it back to the fuel lines and into the carbs. The correct method is to begin adding to your tank while the car is still being driven, since our cars do not have return lines like modern cars that would circulate the fuel. We have covered other measures to protect your Tub and everyone seems to have their favorite whether it's soap, drier sheets or the bubble. Take your pick; just be ready since winter seems to sneak up on us while we're doing other things.

Speaking of other things, I would ask that members consider contributing a few hours a month in support of the Club. We can always use new people with new ideas and next year might well be your chance to make a contribution. We have room on the Board; it's a great group of guys, and at the minimum it would get you out of the house another night per month. And, with a bunch of car guys, what could be better than that? Feel free to give me a call with any questions about a spot that would work best for you, I'm glad to help.

In the meantime, keep that battery in the car and the keys handy. I'll let you know when the driving days are over. KTF Tom Tate

PORSCHE 356S AND WEDDINGS!!!!

Friends of my wife asked if they could borrow my little kit 356 I built 31 years ago to use for their special day. Lets just say it made their day.
Doug Barry, Hampton NH

Peter Thompson's daughter, Merrill (above) at her wedding in Harpswell, ME., with his 60 Coupe. Merrill has been around the cars for 32 years. We have had Porsches for 45 years; lots of car shows before TYP356ne. Then school got in the way. She is looking forward to having (inheriting) one!!!

UPCOMING CLUB EVENTS IN OCTOBER

Meister Restorations Tech Session and Cookout Postponed

Each year Rainer and Jerry of Meister Restoration hold a customer appreciation day at their shop in Barnstead, NH. This is always the top technical event of the year for 356ers. Rainer does an informative tech session including answering your technical questions. You can tour the shop to see the type of work they do, and the current projects they have on going, as well as enjoy a first-class lunch provided by our hosts.

Rainer has postponed this year's event with the intention to move it to his new Spyder factory location. He still plans on having this event before the snow flies this year.

Watch your emails for a new date.

Host needed for Wednesday, Oct. 14th Loafer's Lunch

This year's lunches have been successful and well attended.

There is ONE MORE TYP356NE Loafer's Lunch on our schedule for Wednesday, OCT 14.

We need someone to host it. It can be NORTH or SOUTH, your choice.

Please let us know as soon as possible if you are interested in hosting it.

Loafer's Lunches are an opportunity for members to drive their cars, exchange Tips/Facts, and, in general, enjoy each other's company. We normally do a short drive followed by lunch at a local restaurant.

Please respond to Peter Venuti peter.venuti@gmail.com or Niece Haynes at three56a@gmail.com

Wray's Pro Shaper Tech Session

Saturday, October 24, 10am - 11am
253C Worcester Rd. (Rt. 20) Charlton, MA 01507

Come join fellow TYP356ne members as Wray opens his newly relocated metal fabrication shop, exclusively, to our club for a Tech Session. Wray plans on demonstrating the various machines and techniques used in his shop to form sheet metal into replacement panels and do restorations. He also plans to do a TIG welding demonstration to show firsthand that panel repairs can be made that are perfect, requiring no plastic fillers. Wray will be answering questions during the session but, if you have one in advance, feel free to send them to Peter Venuti (peter.venuti@gmail.com) along with your RSVP for the event. This was a very popular

event last year so, if you missed out then, make sure you attend THIS year! This visit promises to be just as eye-popping as the last visit. You can find out what Wray is currently working on by following him on Facebook at: <https://www.facebook.com/profile.php?id=100006679607997&fref=ts>.

NON-CLUB EVENTS IN OCTOBER

MOT German Car Day, Saturday October 10th

15 Newton St Brookline, MA.

German Car Day at the Museum Of Transportation. This is the reschedule of the rained out June event.

All proceeds benefit the Larz Anderson Auto Museum. Any automobile is invited and encouraged to attend regardless of make, model or year, as long as it's German.

The show starts at 10am and runs until 2pm. Car registration is \$20 per car and includes the driver and one passenger. If you pre-register in advance, the fee is reduced to \$15 per car.

See more at: <http://larzanderson.org/events/lawn-events>

FINAL PCA CARS AND COFFEE of the year, at
VOLANTE FARMS NEEDHAM, MASS.
Saturday , October 17TH

Come join your fellow Porsche owners for the last Cars & Coffee of the season at Volante Farm on Forest St. in Needham, Start time is 8:30 until 11am. Enjoy their delicious coffee, other drinks, and munchies while talking Porsche to your fellow owners.

Please drive slowly and safely as this is a residential area.

Questions; Please email Steve Ross at SLR944@AOL.COM

Porsche of Nashua Monthly Tour to Mountain View Resort in NH

October 17th, 9am - 2pm

Porsche of Nashua - 170 Main Dunstable Rd, Nashua, NH 03060

Porsche of Nashua has a monthly tour that is open to all Porsches. On Saturday, October 17th they will be running the tour from the Nashua dealership up to the Mountain View Grand Resort in Whitefield, NH. Michael Pahl is the tour leader and he tells us that it will be a fun, spirited drive. Meet at the Nashua dealer at 9:00 AM with a 9:30 departure. Expect it to be roughly a 3.5 to 4 hour drive. The dealership will provide some form of beverages, snacks and a light luncheon after we arrive at the resort. We should still have some good foliage, along with experiencing three covered bridges. All 356s are welcome. Folks can contact me (cell # below) if they want additional information. The dealer would like folks to RSVP so they get an idea of headcount. You can just send a note to Cidalia Schwartz (their Marketing Director) at cschwartz@lyonwaugh.com. Event Organizer: Michael Pahl— 240-478-7923

Sunday October 18th, Share Car Show at UMass Dartmouth

Prof. Les Cory's SHARE program is hosting its annual fund raising car show on Sunday Oct. 18. Registration is from 8-12 and the event is generally over around 2. The entrance fee is \$10/car (more is welcome if you're feeling generous). If you're lucky, YOUR CAR might win the coveted Professor's Choice award. Yes, there are other awards too.

Prof. Cory's SHARE program modifies donated computers for the profoundly handicapped and has been doing so for over 30 years. Read about it here: <http://www.umassd.edu/outreach/share/>

The location of the Share car show is the UMass Dartmouth campus. It will either be in the field on the right of the campus entrance or the parking lot (Lot 17) closest to the entrance.

The address is: 285 Old Westport Rd., North Dartmouth, MA 02748

Please let me know if have any questions, nfennessey@gmail.com.
It's a great program that's always in need of more support.— Neil Fennessey

EVENTS HELD IN SEPTEMBER

Unobtanium Open House 2015

It was a picture perfect day to take a ride to The 2nd Annual Open House in Ravena NY. Our first stop of the morning was to meet some of our southern members from Barrington RI, Bill & Joanna Slinko at a MA Pike rest stop in Charlton, along with Tom Tate & Jeff Leeds. A very easy ride with the cool end of summer breeze got us all safely to Ravena, NY. We were welcomed & greeted from the moment we got their by Adam & Matt Wright.

The Unobtanium shop may be in a rural area of NY state but it was all the buzz for the Open House. There were Porsches everywhere, 356's, 911's and parts galore, every part you can think of. In great NY style we were all treated to a

Food Truck Lunch- yes like a true "foodie", The Hungry Traveler was on a food mission to feed us. The TYP356ne members toured the inside and outside shop and it was great. A special thank you for the warm hospitality at the Open House as well as the wonderful Goodie Bags that Adam & Matt gave out. These were the same bags that were also gracious supplied for our 1st Annual Club Day at the Endicott Estate. What a great day!

Our very best wishes to Unobtanium. Lisa Siegel

Some images from the NER/PCA Concours at the Larz Anderson Museum:

My son, Alexander, really enjoyed the art teacher who drew our car. A special thanks to Tom Tate and other 356'ers who helped push start my dead car at the end of the

event. We very much appreciated their help and we'll never forget that my son got to ride in his car seat next to the President of the club in what will eventually be his 1964 C!

Adam Sureau

Sunday, September 20th—Drive Your Porsche Day

On Sunday Sept 20th, 15 participants in 11 356s participated in the annual Drive Your Porsche Day in honor of Ferry Porsche's birthday.

The drive began with a meeting at the Dunkin Donuts on Chace Road in Freetown, where we vied with Lamborghinis and Corvettes for automotive supremacy. Our group certainly made its mark, with Speedsters, Cabriolets, and Coupes of varying years and colors demonstrating 356 diversity. We drove along beautiful back roads in Freetown, Lakeville, Rochester, and Carver, and put on a bit of a show for the nu-

merous yard sale shoppers prowling the roads. After a semi-spirited run, we stopped at Myles Standish State Park for a quick break, and then on to Plane Jane's at the Plymouth airport for a wonderful lunch. Though the ride home suffered a bit from traffic woes, it was a wonderful day and a couple of hundred miles of perfect end of summer driving.

Thank you to Norm and Jan Brust for charting our course, and to the club officers for making this and other events so memorable. And a thank you to Peter Venuti for drafting me into writing this report. See you all on the road soon!

Mark Reich

September 17th Loafers Lunch North

On September 17, 2015, the TYP356ne Club held a Loafer's Lunch on the North Shore and 15 cars showed up. Lindsay Carroll put together a terrific drive in Southern New Hampshire just South and West of Portsmouth. The ride started at the Rest Stop on Rt. 95 and went through the following towns: Seabrook, South Hampton, Kensington, Exeter, Newfields, Newmarket, Durham, then followed by a 8 mile run over Great Bay. What a drive!

In spite of excellent directions, the group got separated but,

guess what, we were able to re-group. What a great bunch of drivers.

During the drive, we had to break for 8 turkeys who were crossing the road. We then drove to New Castle, then over to the Isle of Shoals for a photo OP. We then proceeded to the BG's Boat House where we all had an excellent fresh seafood lunch. The drive provided beautiful scenery (keep that drive in mind for the fall foliage).

This was an excellent Loafer's Lunch. Thanks to Lindsay and Ginny for organizing this great get away for the members. Ralph Hadley

September 12th Cape Cod Ecotour

The weather was sunny. Ten cars arrived in a line lead by Vic Verdina, back ended by Chip Bechtold. Bill & Connie Collins and Sid & Hali Wilde stayed with us overnight, so they arrived by van.

Passengers were discharged at the pier, and cars were led to a private parking area by the Capitan's and my van. Bob DiCorpo

got lost and was observed driving past the parking area. Even after I waved to him, he missed the parking lot entrance! Helen handed out snack baskets containing dark chocolate and other goodies to the girls. The guys got peanuts, popcorn and water.

The Tour was absolutely fabulous, lots of smiles. The Naturalist was both entertaining and informative. Barnstable

Harbor/ Sandy Neck was a very active area for early settlers, as well as a summer residence for Indian tribes.

Our lunch at the Mattakeese Warf was well coordinated, and we were all served promptly. However, we did have a glitch. The boys could not find the restaurant parking lot after picking up their cars from Eco-tour lot. After lunch Helen and I invited all back to our home for pie, ice cream, and coffee. About 15 took up the invitation. Then, DISASTER STRUCK!! The three pies that Helen had thought she was warming in the oven were burnt. I had to rush out to the pie shop and get three more.

Helen controlled the situation by serving wine. (Always a good choice. -Ed)

Eventually all were satisfied, and left in good spirits. No complaints no grumbling.

Regards, Paul Vincent

Many thanks to the Vincent's for hosting a wonderful event! Every detail was executed to perfection. We just don't know how they do it ???? - but we're all pleased they did 😊 - Hali and Sid

Jeff Leeds heron grey B coupe in the front row at PCNA's US Headquarters on its Fifty-third Birthday, Atlanta, GA during the Southern 356 Drive, Helen, GA

Lime Rock Park's 33rd Annual Labor Day Weekend Concours

Three Connecticut TYP356ne'ers drove up to Saturday's "race day": Greg and Anna Marie Lane, Paul and Jane Ahnell, Steve and Robin Sogge along with some very nice VW folks. We met at the track with Mark Reich (congratulations!) and Gordon. There were several cars from the Miles Collier Museum there.

- 1955 Mille Miglia winning MB 300SLR as driven by Moss and navigated by Jenkinson

- 1939 MB W154, as driven by Manfred von Brauchitsch in the last race before WWII. This car was driven around the track at lunchtime and it "screamed"!

- 1961 RS61L, as driven then by ace driver Bob Holbert. Very interesting car....Its chassis as delivered was 4 inches longer than

standard RS61, much to Holbert's surprise and ultimate delight

as it handled better than the standard RS61. (It was intended to take the 8 cylinder engine then still under development. The factory, W-RS Spyder (Grossmutter), contender of that time DID get the 8 cylinder engine. The museum owning this car had installed the 8-cyl engine, but still has a 4-cam for it.

Greg and Anna Marie Lane

Additional comments from our members attending this event-

Two of our members 356s were blue ribbon winners at Lime Rock Park's 33rd. annual Concours:

Mark Reich's beautiful Heron Grey T5 Coupe (see cover), and Kim Saal's stunning White Speedster finished head and shoulders above their class competition.

Congratulations to both for their outstanding representation of our club at this event which continues to gather importance and prestige in the Concours arena. - Jeff Leeds

I can't speak to Kim's win but Mark Reich's B was in a BRUTAL class. His car beat out an absolutely stunning DB4, a gorgeous Alfa Sprint and others for a deserving win. Congratulations! - Steve Ross

What a great weekend! Totally shocked by the award, against such incredible cars. Really great event. - Mark Reich

Club member, Tom Zarrella's black 67 Pontiac GTO and 75 Land Rover both took first place in their class.

Sounds like it was a great weekend. Here are a couple more pictures of the cars that were there. Ed

TYP356ne is not responsible for omissions, errors, misrepresentations, payments, etc relative to any classified advertisements. Buy at you own risk!! Send all for sale and wanted items to Ed Tobolski at tobolsed@verizon.net. These items will be run once unless renewed.

CLUB ITEMS AVAILABLE

Clothing- TYP356ne has an online store where you can order hats, polo shirts, canvas bags, and any other item that Land's End Business Outfitters carry in their inventory. The store address is:
<http://ces.landsend.com/TYP356ne>

You know it is our store because TYP356ne will appear in the upper left hand corner of the website. You can customize any of the items you purchase with the black oval patch and/or the gold TYP356ne script.

Name Tags - We have found a quality vendor that can make and ship you a personalized TYP356ne name badge. They are \$8.50 each with the pin style attachment and \$10.50 each with a magnetic attachment, plus \$3.95 postage. Note: the magnetic backing means you do not have to put pin holes in your TYP356ne polo shirt to wear your name badge.

To order go to <http://www.holmesstamp.com/category.aspx?categoryid=207> and click on the TYP356ne name badge and it will take you through the process. Within a few days you will have your personalized TYP356ne name badge delivered right to your door. If you have any comments or questions contact Tom Gentz at tgentz@typ356ne.org.

Club Grille Badge

Club members can purchase the "Official Club Badge" for a cost of \$35.00. It is a beautiful badge. Contact Peter Venuti at pvenuti@typ356ne.org for further information.
